ACTION TAKEN REPORT

Academic Year 2023-2024

Stakeholder	Consolidated Feedback Received	Actions Taken
Students	Pharm.D students suggested to improve hospital-oriented training	The college has enhanced hospital-oriented training by collaborating with local hospitals and healthcare centres in and around Narsampet and Warangal
	Pharm.D students recommended to incorporate more interactive workshops on patient communication skills	In response to the recommendation, the college has introduced interactive workshops focused on patient communication skills for Pharm.D students. These workshops include role-playing, simulations, and case studies to enhance student proficiency in effectively interacting with patients.
	Many students suggest updating the curriculum to better align with current industry trends and technological advancements, including more hands-on learning opportunities.	Based on student feedback, the college has revised the curriculum of Add-on and Value-Added courses to align with industry trends and technological advancements. This update includes increased hands-on learning through workshops, industry projects, and practical training, ensuring students are better equipped for real-world challenges.
	Students mentioned the introduction of more career-focused initiatives	In response to student recommendations, the college has introduced more career-focused initiatives, including job fairs,
