Details of the activity

Name of the activity: International yoga day celebrations

Date: 21-06-2023

Venue: College seminar hall

Number of students participated: 45

Program description

International yoga day was celebrated worldwide on 21 June. We Jayamukhi college of pharmacy has also celebrated the day with yoga guru Ramakrishna chary garu the famous yoga trainer from chennaraopet village. He said that the art of practicing yoga helps in controlling an individual's mind, body and soul. It brings together physical and mental disciplines to achieve a peaceful body and mind; it helps manage stress and anxiety and keeps you relaxing. It also helps in increasing flexibility, muscle strength and body tone He has made the students to participate in the yoga session with different asanas. Students felt very pleasant while meditation and practicing the yoga.

Details of the activity

Name of the activity: Leprosy case detection companion

Date: 29-09-2023

Venue: Chennaropet PHC

Number of students participated: 25

Program details

Jayamukhi College of pharmacy IQAC cell and NSS unit has jointly organized a Leprosy detection companion in PHC and surrounding places of Chennaropet village. As the Leprosy and TB case are revolting back the Government of telangana has decided to make a survey about the spread of diseases and to educate the public about the mode of transmission and precautions to be taken. We have taken the help of paramedical team from the PHC to make his survey and handed the same to chief Doctor in the PHC chennaropet.

Program details

Jayamukhi College has organized Girl child day program in the college. In his students have participated by making different painting which reflected the various unto activities going on women and children these days. As women don't have safety outside environment his program was very helpful to explain about sexual harassments happening on women's and small children's of months in the age. Students have made very beautiful paintings which gives good message to the society about saving the childrens from becoming labour , and from sexual abuses.

Program details

Batukamma is the telangana festival which is commonly called as festival of flowers. During the Durga navaratri festival Batukamma is celebrated all the nine days with different flowers and just before day of Dussehra final day Batukamma is celebrated were made and all those were dropped into water. We have also celebrated this in our college during the Navratri days. All the female staff members and girls were dressed traditionally and collected the flowers available in the college premises and made Batukamma and dances around it.

Details of the activity

Name of the activity: Blood donation program

Date: 10-11-2023

Venue: college seminar hall

Number of students participated: 25

Details of the activity

Jayamukhi college of Pharmacy NSS unit in association with Indian Red Cross society has organized a blood donation camp in the college seminar hall. Students and volunteers have actively participated in the camp and donated the blood.

Volunteers helped the doctors in checking the blood pressure and pulse rate. Most of the girl students lack hemoglobin and were rejected to donate the blood. Teaching and non teaching staff members also made their contribution in blood donation. While speaking with the volunteers the president of Red Cross society explained to them blood can't be created artificially it could be transmitted from one person to other person. Those who donate blood once in 6 months will produce new blood cells and their immunity can be boosted. Totally 200 units of blood were collected by the end of the day.

Program details

On the occasion of world diabetic day IQAC and NSS cell conducted a diabetic camp in the college. As Diabetic is the most prevailing disease these days. Irrespective of the age group from small children to old age people are becoming victims to this. The prime causes of the diabetes these days are mostly the life style modifications, leading a stress full life , not concentrating on the food habits, no proper time exercise etc.. Our volunteers has conducted small camp in the college premises and checked the blood glucose levels to many of the attendees. They have given suggestions to the one who are in the border line.

Program details

Model school consists of many girls children of adolescent age. So our unit felt to organise a menstrual hygiene awareness program in the school. Menstrual cycle is very common to all the girl children belonging to adolescent age. If they don't maintain proper hygiene during that time it leads to severe health issue. Our Pharm D VI year student's Akshitha and Mahathi has explained to the students about the proper hygienic conditions to be maintained and proper way of the disposal of the sanitary pads. College staff members G.Swetha has interacted with students and answered to Students many doubts .

Program Description

As we approach the month of Late December the festival which comes in the mind of every one is the Christmas. Our students have had prechristmas celebrations in the college. They have made a very beautiful decoration of the premises. They made a small shed where the lord Jesus took birth. Students have had holy prayers, explained to others how was the lord born and what are the saying Jesus to build good habits in humans. Students have also performed any dances, dramas, and the special guest santa was a center of attraction which danced well and made other to dance along with him. Finally the celebrations were ended with cake cutting. Students have distributed cakes and wishes to their friends.

Details of the activity

Name of the activity: Cardiopulmonary resuscitation

Date: 21/04/2024

Venue: Budharaopet Village

Number of students participated: 45

Cardiopulmonary resuscitation (CPR) is an emergency procedure consisting of chest compressions often combined with artificial ventilation in an effort to manually preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest. It is recommended in those who are unresponsive with no breathing or abnormal breathing, for example, agonal respirations.

CPR involves chest compressions for adults between 5 cm (2.0 in) and 6 cm (2.4 in) deep and at a rate of at least 100 to 120 per minute. The rescuer may also provide artificial ventilation by either exhaling air into the subject's mouth or nose (mouth-to-mouth resuscitation) or using a device that pushes air into the subject's lungs (mechanical ventilation).
