Program details

The Indian National Flag is a symbol of national pride for the entire nation. To further honor our flag, the Hon'ble Home Minister who oversees all efforts under Azadi Ka Amrit Mahotsav has approved the program of 'Har Ghar Tiranga'. It envisages inspiring Indians everywhere to hoist the national flag at their home. Our relationship with the flag has always been more formal and institutional than personal. Bringing the flag home collectively as a nation in the 75th year of independence thus becomes symbolic of not only an act of personal connection to the Tiranga but also an embodiment of our commitment to nation-building. The idea behind the initiative is to invoke the feeling of patriotism in the hearts of the people and promote awareness about our national flag.

Details of the activity

Cardiopulmonary resuscitation (CPR) is an emergency procedure consisting of chest compressions often combined with artificial ventilation, or mouth to mouth in an effort to manually preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest. It is recommended for those who are unresponsive with no breathing or abnormal breathing, for example, agonal respirations. CPR involves chest compressions for adults between 5 cm (2.0 in) and 6 cm (2.4 in) deep and at a rate of at least 100 to 120 per minute. The rescuer may also provide artificial ventilation by either exhaling air into the subject's mouth or nose (mouth-to-mouth resuscitation) or using a device that pushes air into the subject's lungs (mechanical ventilation).

CPR alone is unlikely to restart the heart. Its main purpose is to restore the partial flow of oxygenated blood to the brain and heart. The objective is to delay tissue death and to extend the brief window of opportunity for a successful resuscitation without permanent brain damage. Administration of an electric shock to the subject's heart, termed defibrillation, is usually needed to restore a viable, or "perfusing", heart rhythm.

We, in association with Srinivasa Heart Foundation, have explained these things to the students and staff members in the college by making them to practice with a maniquine.

Program Details

Clean India Mission is a country-wide campaign initiated by the Government of India on 2 October 2014 to eliminate open defecation and improve solid waste management and to create Open Defecation Free (ODF) villages.

Phase 1 of the Swachh Bharat Mission lasted till 2 October 2019, and Phase 2 is being implemented between 2020–21 and 2024–25 to help cement the work of Phase 1.[5]

Initiated by the Government of India, the mission aimed to achieve an "open-defecation free" (ODF) India by 2 October 2019, the 150th anniversary of the birth of Mahatma Gandhi[6] through construction of toilets.

The second phase of the mission aims to sustain the open defecation free status and improve the management of solid and liquid waste, while also working to improve the lives of sanitation workers.

Nss Unit of Our college along with all NSS units under Kakatiya university jurisdiction has joined organized the clean India campaign. all units has taken a pledge and stated the rally from bus stand and went till ambedkar center. The volunteers and students have collected the solid waste and one time usable plastic. the total amount of waste collected was handed to local municipal office. .
