E-Governance

1. Planning and Development:

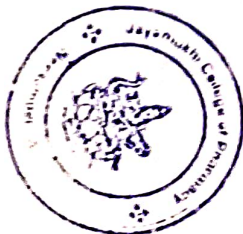

- Many activities of the institution related to implementation and documentation were made easy by the adaptation of technical support through ICT devices.
- The non-teaching staff also encouraged by training them with basics of computers.
- The teaching faculty also enriched by using power point presentations which are prepared well advanced before the commencement of semester and uploaded in institutional website to have an ease of access for the staff and students.
- During the pandemic Covid-19, the classes for all programmes were conducted using online platforms like ZOOM.

2. Administration:

- The administration of the institute is communicates the attendance of students through SMS.
- To invite feedbacks on the area of teaching, course outcomes, faculty and other grievances, the access links are provided in the college website. The IQAC collects feedback forms through same channel and take necessary action as required.
- The library portal shows the updated information of the volumes, titles-books and journals.
- Alumni association of the institute is providing "Distinguished Alumni Award" for the students who contributed their best to institute in all means.

3. Finance and Accounts:

- The institute is using Tally software as instructed by the auditor for all accounting. Appropriate security measures should be taken for maintaining confidentiality of the transactions. The institute undergoes timely audits with external auditor and the audit reports are uploaded in the institutional website for transparency.
