Details of the activity

Name of the activity: International yoga day celebrations

Date: 21-06-2023

Venue: College seminar hall

Number of students participated: 45

Program description

International yoga day was celebrated worldwide on 21 June. We Jayamukhi college of pharmacy has also celebrated the day with yoga guru Ramakrishna chary garu the famous yoga trainer from chennaraopet village. He said that the art of practicing yoga helps in controlling an individual's mind, body and soul. It brings together physical and mental disciplines to achieve a peaceful body and mind; it helps manage stress and anxiety and keeps you relaxing. It also helps in increasing flexibility, muscle strength and body tone He has made the students to participate in the yoga session with different asanas. Students felt very pleasant while meditation and practicing the yoga.

Program details

Jayamukhi College has organized Girl child day program in the college. In his students have participated by making different painting which reflected the various unto activities going on women and children these days. As women don't have safety outside environment his program was very helpful to explain about sexual harassments happening on women's and small children's of months in the age. Students have made very beautiful paintings which gives good message to the society about saving the childrens from becoming labour , and from sexual abuses.

Program details

On the occasion of world diabetic day IQAC and NSS cell conducted a diabetic camp in the college. As Diabetic is the most prevailing disease these days. Irrespective of the age group from small children to old age people are becoming victims to this. The prime causes of the diabetes these days are mostly the life style modifications, leading a stress full life , not concentrating on the food habits, no proper time exercise etc.. Our volunteers has conducted small camp in the college premises and checked the blood glucose levels to many of the attendees. They have given suggestions to the one who are in the border line.

Program details

Model school consists of many girls children of adolescent age. So our unit felt to organise a menstrual hygiene awareness program in the school. Menstrual cycle is very common to all the girl children belonging to adolescent age. If they don't maintain proper hygiene during that time it leads to severe health issue. Our Pharm D VI year student's Akshitha and Mahathi has explained to the students about the proper hygienic conditions to be maintained and proper way of the disposal of the sanitary pads. College staff members G.Swetha has interacted with students and answered to Students many doubts .

Details of the activity

Name of the activity: Cardiopulmonary resuscitation

Date: 21/04/2024

Venue: Budharaopet Village

Number of students participated: 45

Cardiopulmonary resuscitation (CPR) is an emergency procedure consisting of chest compressions often combined with artificial ventilation in an effort to manually preserve intact brain function until further measures are taken to restore spontaneous blood circulation and breathing in a person who is in cardiac arrest. It is recommended in those who are unresponsive with no breathing or abnormal breathing, for example, agonal respirations.

CPR involves chest compressions for adults between 5 cm (2.0 in) and 6 cm (2.4 in) deep and at a rate of at least 100 to 120 per minute. The rescuer may also provide artificial ventilation by either exhaling air into the subject's mouth or nose (mouth-to-mouth resuscitation) or using a device that pushes air into the subject's lungs (mechanical ventilation).
